

Forestport to the Adirondack Park Blue Line

This 6.4 mile section of the North Country Trail is currently a road walk. The NCTA CNY chapter is still looking for off road possibilities to bring the North Country Trail to (or from) the Adirondack Park Blue Line.

This sections starts at the bridge over the Black River in Forestport. To your right is the dam falls for the Forestport Reservoir. After 0.1 mile reach an intersection. Turn right on Woodhull Road.

At 0.25 miles from the Black River Bridge pass by the Forestport Post Office on your left. At 0.35 miles pass under NY 28. At 1.1 cross Woodhull Creek. At 1.5 miles reach The Station Country Store. Soon after reach a road split. The NCT veers left onto North Lake Road.

Cross the railroad tracks. At 5.0 miles pass a historical marker for St Ledgers Hill. At 6.4 miles reach the Adirondack Park Blue Line. The NCT continues to follow road another 1.6 miles to the Stone Dam Trailhead.
